

# YJD112020NGG2

# Silicon Carbide Schottky Diode

**Features** 

### YJD112020NGG2

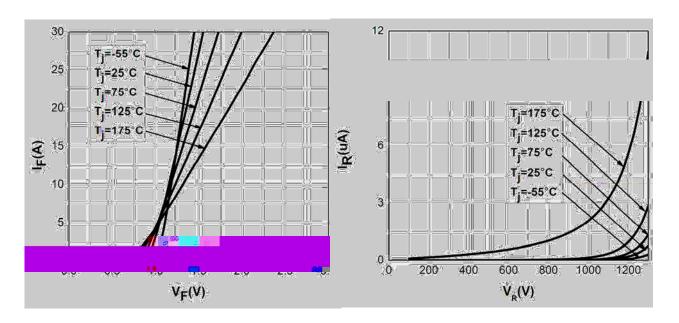

### **Electrical Characteristics**

| PARAMTETER | SYMBOL | UNIT | TEST CONDITIONS | Тур. | Max. |
|------------|--------|------|-----------------|------|------|
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |
|            |        |      |                 |      |      |

#### **Thermal Characteristics**

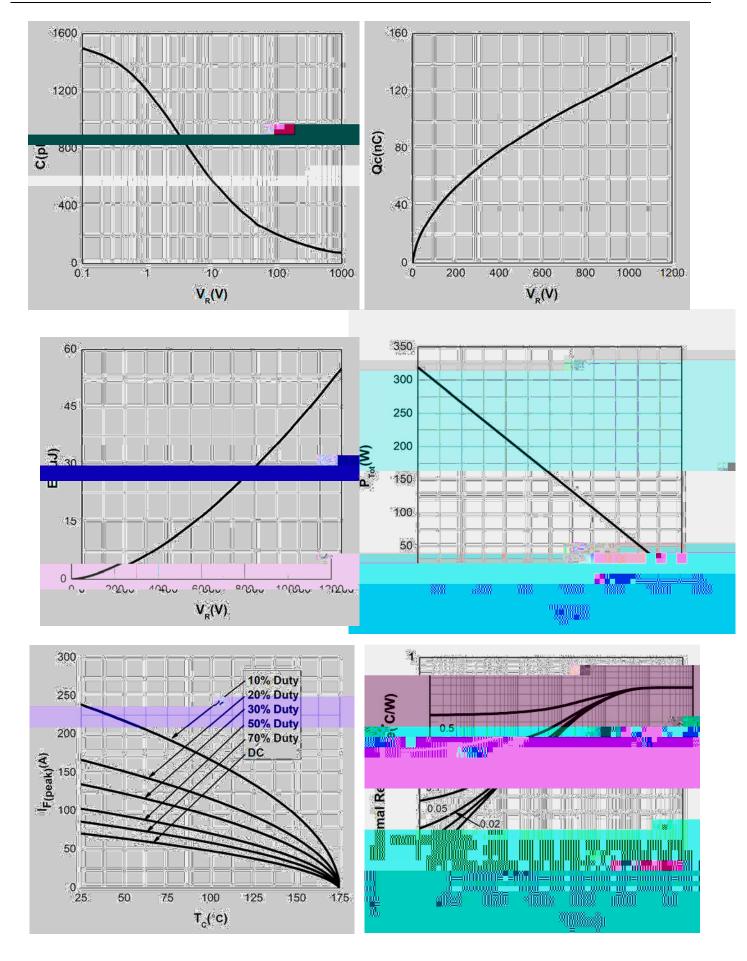

| PARAMETER | SYMBOL | UNIT | VALUE |
|-----------|--------|------|-------|
|           |        |      |       |
